

COUNTY MEETING FARMERS' UNION

Held at Looney's Creek
Saturday.

FANCY FROSTED CAKE
FEATURE OF DINNER

Next Meeting to be Held at
Knox Schoolhouse.

The regular monthly meeting of the county organization of the Farmers' Educational and Cooperative Union of America was held at Looney's Creek Saturday. Delegates were present from Victoria, Knox, Oak Grove, Killian and Sequachee Locals.

In the absence of William Kelly, county president, who was sick, the meeting was called together in the Looney's Creek schoolhouse at 11 o'clock with closed session. At 12 o'clock a splendid dinner was served. A feature which was much observed was a large cake six inches high, around which was placed in frosting, the words "Farmers' Educational & Cooperative Union of America." This cake was made by Miss Corinne Teague. At 1 p. m. business was resumed in open session. Louis Harris, county secretary, discussed fertilizers and the proper kind for certain soils, and also the prices on such fertilizers. Mr. Kelly, son of President Kelly, read an interesting paper on the preparation of land for corn growing. At 2 p. m. the meeting again went into closed session for the purpose of business. Adjournment was made at 3 p. m.

The attendance was not very extensive as the day was raw and cold, but all the locals of the county were represented with full attendance of delegates.

The next county meeting will be held on Saturday, Nov. 21, at the Knox School House.

Those attending the meeting from here were William Barrett and J. E. DeSaba, delegates, W. S. Pryor and R. C. Goodier.

END OF TIME IS DRAWING CLOSER

Editor News.

I have been a silent reader for some time, enjoying the good letters from others, but as I have a few spare moments this morning, I will try and contribute my little mite to our welcome paper. I have been reviled and slandered and falsely accused, but I am still on the job to defend the truth. It is not pleasant to be held up and roasted before the public, but if we have no opposition we have need to be troubled for he that will live godly in Christ Jesus must suffer persecution, and again Jesus says, "Woe unto you when all men shall speak well of you for so did their fathers unto the false prophets." The same spirit of persecution exists today that did in the day of Jesus and the apostles, but public sentiment and the law will not allow them to use violence so they revert to all sorts of false accusations and slanders, but if your hearts are right with God you shall not be moved.

Dr. Blalock has said that I am only half composed mensis, and perhaps it is true, but I think all intelligent Bible readers will agree that his three story hell exists only in the imagination of one who is wholly non compos mensis.

First, he takes the Greek word "hades," which he admits only means the grave or state of death, and builds the top story of it. Then he digs down and tries to make another still worse place from the word "Gehenna," which only means the valley of Hinnon, or the valley of death, but is sometimes spoken of to represent or symbolize the second death. Then he goes on still farther and tries to make another still lower and worse place than ever from the Greek word, "tartarus," tauros, as he calls it, which, according to St. Peter is a prison where the fallen angels are kept until the judgement. The whole thing is ridiculous. Who can imagine a just and loving God being the author of such an outrageous thing.

As to Pastor Russell, he has never claimed to be a prophet. All that he teaches is from the Bible, all of his assertions are proven by the Word of God. Jesus did not say that no one should ever know the time of His second coming. He said, "When ye shall see all these things, know that it is near, even at the doors," and surely all who have the eyes of their understanding open, have seen a good many prophecies fulfilled and still being fulfilled everyday. In the Book of Daniel we read, "The words are closed up and sealed till the time of the end and none of the wicked shall understand, but the wise shall understand," and we have many reasons to believe that the time of the end of gentile times is here. Who can read about the terrible war of Europe without thinking of the Master's words, "Nation shall rise against nation and kingdom against kingdom and there shall be famines and pestilences and earthquakes in divers places." All these are the beginning of sorrows, so we must be nearing the great time of trouble spoken of by the Prophet Daniel as being such as has never been since there was a nation, and Jesus adds, "No, nor ever shall be." We believe all earthly governments will be wrecked in the terrible reign of anarchy that will follow this great war. Of course, there have always been wars but this one is different in that all the world is affected by it and the outcome would be awful to contemplate were it not for the assurance that the glorious Kingdom of Christ is soon to be established in all the earth, "For his dominion shall be from sea to sea and from the ends of the earth. Then peace shall flow like a river and salvation to the ends of the earth; then the knowledge of the Lord shall fill the whole earth as the waters cover the sea. Then all the blind eyes shall be opened and all the deaf ears unstopped. The lame man shall leap as the hart and the tongue of the dumb shall sing."

So, let us not dwell upon the horrors of the coming troubles, but look forward to the glorious outcome.

SHOWED ESTEEM FOR THEIR PREACHER

Whitwell, Oct. 20.—The good people of Whitwell showed their appreciation of the Rev. James Osborne, pastor of the M. E. Church, Saturday night, by making up a load of eatables and sending a dray with it after dark, much to the surprise of the preacher. The load contained flour, meal, sugar, bacon, lard and many other good things. The people of Whitwell have asked the return of the pastor for another year. He has been there three years already and they do not want any change

EXCITING TIME BY AUTOISTS

In Coming Down Mountain Road.

HAIRBREADTH ESCAPE
FROM DEATH

One Lady Receives Severe
Contusions.

An auto party en route to Sea Sota, Fla., from Chicago, composed of three autos travelling together, met with a mishap on the mountain road about 2 o'clock Monday afternoon, which only lacked a little of being fatally terminated.

The first car to descend the mountain was a big heavy Paige car, driven by Mr. B. Thoms, of Chicago, and containing Mrs. Thoms and Mrs. McCarty. Its brake was not in good condition, and when about half way down it gave way completely, getting the car glide down without control. Every effort was made to check the mad rush down the descent, but efforts were futile. Finally on one of the sharp curves, Mr. Thoms decided that the speed was so great that the car at the next turn could not make it, and he decided that to hit the bank was preferable to running off the embankment. He did so and the shock was terrific. The occupants were thrown in all directions, but beyond several bruises and contusions, escaped unhurt. Mrs. McCarty was the most injured, receiving a badly bruised nose, cuts on forehead and chin, and side of face scratched. Mrs. Thoms was badly shaken up. The front axle of car was bent and both tires burst by force of impact.

In a car following, a Ford machine, driven by Read Martin, of Chicago, were Mr. and Mrs. Martin and three children. Their brake was barely holding the machine when it got to the bottom. The third car was driven by Jerome Martin, and occupied with him by Miss Edna Martin, his sister.

The party stayed over night here at the Town Hall. They had camping equipment with them, but preferred to get indoors to camping out. They reported that they camped at Tracy City two night previous and suffered on account of the cool temperature, the altitude being so much higher. They went on to Chattanooga Tuesday where they expected to ship the damaged car back to Chicago. Mr. Thoms is a banker, and engaged in the banking business in Chicago.

The public school was forced to close one day last week on account of no coal, the temperature being too frigid for the children. Coal had been engaged from W. S. Pryor but somebody got to tinkering with the wires after he got the order in nearly a month ago, and the T. C. I. Co., up to this time, hasn't delivered the car ordered.

Shiloh is on a boom. Bro. Jones, the circuit preacher, is conducting a big revival meeting at this place with a grand success.

Bro. John A. May, of Gadsden, Ala., an evangelist, is helping Bro. Jones. He is a fine speaker, one of the old time preachers. He preached at Shiloh 26 years ago, when he was just a boy preacher. He believes what the Bible teaches in the support of the ministry. He told the brethren to bring to the church house part of what they eat, and you had ought to see what the cloak room contained. All the good things that the mountain folks raise. He got some money. This was all shipped to his home at Gadsden. He and Bro. Jones have done a great deal of good at Shiloh, something that this place needed. The church raised the money for Bro. Jones for his work on this charge. May the great God of Heaven bless those men for their good works. Bro. Jim Orton took charge of the meeting for a week, while Bro. Jones and May went to Harris Chapel to hold a week's service. They will be back at Shiloh to continue their meetings on Saturday night, Oct. 24, and also Sunday. If it takes good singing to convert sinners, Bro. James Ostin can sing for them. He is a fine singer. He has a voice like the sound of many waters.

There was quite a stir up at church last Sunday. George I. Adkins' daughter, Zelma, slipped off from church with Jesse Stalens to the Georgia State line, and were married by old Captain Counts.

W. E. Wilkison, the big peach man, who went to Michigan recently, has come back greatly improved in health.

We saw an article in the News recently written by C. K. Chubbuck, which was to the point. Bro. Chubbuck is a fine speaker and the best and noblest of all he practices what he preaches. Come again, Bro. Chubbuck and come and see me out here as you ought to eat more of those yellow-legged chickens.

There was a shooting scrape near this place recently. Horace Tishaw shot a young Tishaw, his cousin, in the leg above the knee. The doctor says that the leg will have to be taken off. The row was caused over Horace Tishaw's sister. This cousin of Horace married this girl and she ran away and left her husband. The man came after her at her father's and the shooting occurred. The girl refused to go back to her husband on account of the bad treatment she had received.

Bertha and Carrie Wilkison have come home from Chattanooga where they have been working in the medicine factory. They will not go back until after Christmas.

Miss Pauline Berry and sister, Emma, of Pisgah, Ala., visited Wm. Loach one day last week.

Death of Babe.

William Elton, the ten weeks old son of Mr. and Mrs. Carol Griffith, died Friday evening at four o'clock. His death had been expected for several days. Funeral services were conducted at the home Saturday afternoon by Rev. S. A. Stines, of Bridgeport, and interment made in the Laster graveyard.

Field Sports.

When you keep a boy interested in football, baseball, tennis, and the like, you lessen the chances that he will get interested in things not so good for him.

The Youth's Companion, since its enlargement, gives generous space to this matter of athletic training, and gets the best coaches in the country to write for it.

How to practice to become a first rate pitcher, how to train for a race, how to learn the newest strokes in swimming—these and a hundred others of the greatest interest to boys—to girls, too, for that matter—are touched upon in this important department of The Companion.

And this is only a small part of the service which The Companion renders in any home which it enters. It has points of contact with a hundred interests.

If you do not know The Companion as it is today, let us send you one or two current issues free that you may thoroughly test the paper's quality. We will send also the Forecast for 1915.

Every new subscriber who sends \$2.00 for the fifty-two weekly issues of 1915 will receive free all the issues of the paper for the remaining weeks of 1914; also The Companion Home Calendar for 1915.

The Auto in the Field.

(Farmers' Union News Service)
Ft. Worth, Texas, Oct. 19.—It is quite a common sight in Tennessee to see farmers drive to the harvest field in automobiles. It takes a solemn sum of money to buy an automobile, and it takes good roads, as well as gasoline, to run them.

A joy ride in the harvest fields of this State is one of the most exhilarating experiences that is available on this continent and one that would charm a tourist and convince a home-seeker. A speedway lined with growing crops and blooded stock is a landscape that one seldom tours in a lifetime. In mapping out automobile routes the Tennessee harvest fields should be given prominent position. Why not a "See Rural America First" campaign?
