

## ELKS GET READY FOR GREAT SHOW

TACOMA ANTILERD HERD  
WILL GO TO SEATTLE 600  
STRONG NEXT WEDNESDAY  
TO TAKE PART IN MONSTER  
PARADE.

Headed by a band of 30 of the best musicians in the city, picked from the various local bands, 600 Tacoma Elks will leave here Wednesday morning at 7:30 for Seattle. The Elks will make a special trip to accommodate the antlered herd.

Wednesday will be a great day in Elksdom and there will be a parade in Seattle such as was never before seen in the Pacific Northwest—a parade that the oldest inhabitant will tell their grandchildren about 50 years hence. Elks from all parts of the United States have been gathering in Tacoma and Seattle since the close of the annual convention at Los Angeles and all will be seen in the monster parade.

Will Spend \$10,000.  
Seattle Elks are sparing neither money nor pains to make this occasion one that will live in B. P. O. E. history. It is estimated that it will cost the members of the lodge in that city \$10,000 or more for prizes and expenses in showing the visiting brothers a good time. Substantial prizes are offered for the delegation of Elks making the best showing in the parade and the Tacoma men already see themselves spending some of that money.

Will Make Good Showing.  
The local Elks will wear Prince Albert coats and silk hats, light colored trousers, black shoes and black bow ties. All will carry canes, decorated with the colors of the order and wear Tacoma badges.

The parade is scheduled for 9:30 a. m. After that is over the Elks will spend the day in wit-protest in that city.

nessing the links of their brothers and looking over the exposition. The Elks will leave Seattle on the return trip at 11 p. m.

Well Worth Seeing.  
A number of Tacoma people aside from the Elks will go to Seattle Wednesday for the antlered herd is going to do things that day that will astonish and amuse all. Circus, hippodromes, moving pictures and every other form of amusement will pale into utter insignificance in comparison with the big show the Elks will put on Wednesday. People are going to travel miles to see it and it will be worth the journey.

## MIKE DONLIN TO CAPTAIN THE PHILLIES

(By United Press Leased Wire.)  
PHILADELPHIA, July 24.—The directors of the Philadelphia National league baseball club announced today that they have secured the services of Mike Donlin, premier slugger of last year's New York Giants.

Donlin, according to the announcement, will captain the Phillies and act as playing manager. The resignation of William Murray, the present manager, is said to have been requested.

Donlin was the property of the New York team and he has been imported throughout the present season to don a uniform. He is the idol of the Gotham fans and his departure to another team is thought will raise a storm of protest in that city.

## "Curse from Heaven" Is Hot Sunshine in New York's Slums

WHERE SLEEP DOES NOT BRING REST—MOTHER AND SON AT MIDNIGHT IN DOORWAY OF NEW YORK TENEMENT.

(Continued From Page One.)  
There is no tenement roof in New York that will hold the outstretched forms of all those who live beneath it.

A week of hot weather in New York shows how fatal the heat is. Babies die at the rate of 15 or 20 more a day. The white heat is the emblem of the hot spell. Every other block in the East Side shows its white crepe daily. Sulfides increase. Tired men, unable to sleep because of the heat and their weariness, lose their sanity. A night passes that some man or woman does not sleep in the river.

Workmen lose their lives during the day's rush. Their minds and bodies, tired by the strain of the heat, they make fatal mistakes on the pavements below. The roofs, too, contain many sleepers on the hot nights. But

sides poverty—the terrible heat of a New York sizzard brings death.

HIBERNIANS WILL  
PICNIC SUNDAY  
The Ancient Order of Hibernians will give their annual picnic tomorrow at Redondo beach. A good program of sports has been arranged for the occasion and refreshments will be served on the grounds to those who do not desire to take baskets with them. The steamer Multnomah has been chartered to carry the picnicers to the beach and will leave the N. P. dock at 10 a. m. and 1 and 3 p. m. Returning the boat will leave Redondo at 5, 7 and 9 p. m.

## DISREGARD OF ORDERS THE CAUSE OF RED MAN'S DEATH

(By United Press Leased Wire.)  
SEATTLE, July 24.—Absolute disregard for orders issued before the commencement of the sham battle at the exposition grounds Thursday is responsible for the death of Joseph Morhaway, according to A. L. Payne, who had all of the arrangements in charge. "I feel that I did all that could have been done in the way of precautionary measures before the battle began," said Mr. Payne last evening. "Realizing the dangers

of such an exhibition, I made a speech to both the Red Men and the militiamen just before it started. I instructed them to fire high over the heads of their pretended foes. I explained that the gummed paper wad at the tip of the blank cartridge made the battle dangerous and that the men under no circumstances should fire point blank at each other. "My instructions were disregarded except just at the opening of the exhibition."

## IDEA OF ETERNAL DAMNATION IS ALL WRONG, DECLARES NOTED LECTURER

(By United Press Leased Wire.)

SEATTLE, July 24.—"There will be no eternal damnation, and I back up my assertion by the word of God," said Pastor Charles T. Russell of the Brooklyn tabernacle, whose theories of death and hell have startled the church world.

"Every Bible scholar knows that the old idea of hell is entirely wrong, but somehow they are afraid to tell their children what they have found out."

Pastor Russell, who is president of the Watch Tower Bible and Tract society, which is holding a convention of Bible students here today, is one of the widest known lecturers in the United States.

"The trouble with religion these days lies with the people who teach the Bible, not the Bible itself," said Pastor Russell. "People stand in fear of God and the Bible when they should love both. If they believe there is a hell in the popularly accepted sense of the term, then fear is the proper feeling to have, but this is very far from the truth. There is no such hell."

## TO REORGANIZE FINANCES OF ORIENT

(By United Press Leased Wire.)  
TOKIO, July 24.—The publication today of the new Japan-Korea agreement is the first official announcement of the complete transformation of the ancient "hemit kingdom" into an integral part of the Japanese empire. The memoranda sets forth that Japan has assumed entire control of the internal administration of Korea and will meet all the expenses incident to the institution of prison reforms and the improvement of the judicial administration. Japanese jurists will be installed in all the courts and the fiscal administration will be directed by Japanese financiers.

It is proposed to reorganize the finances on the same plan as is being worked out by the Chinese monetary commission which is engaged in simplifying the complex financial system of China.

## WORM POPS OUT OF FAUCET

J. O. Soderberg, 2009 South J street, thinks Tacoma is getting her water supply from a tomato patch, for yesterday when he went to get a drink out of the faucet out popped a long green worm such as delight to gnaw the succulent tomato plant.

The worm is a brilliant green, about two inches long and is not the kind that a fellow would care to drink as regular diet.

WILL VISIT THER UNCLE.  
Miss Eva Brackett arrived here this afternoon from Fort Collins, Col., and will remain here for several weeks as the guest of her uncle, E. J. Hackett, police court clerk.

## Two Baby Grand Pianos

—From the Studio of—  
Mr. John J. Blackmore, Pianist and Teacher  
USED ONE SEASON ONLY

Mr. Blackmore is unquestionably a thoroughly first-class judge of Pianos. These two Grand Pianos were selected by him for his own use. They will be shown right in his studio. He has gone East for the summer and has consented to have them sold, to be replaced in the fall with duplicates. They have been used for teaching purposes only during the last season. Agreeable terms will be arranged on these.

## What Not to Expect

That these are a lot of old, shabby-looking, worn out Pianos, which you would probably not have at any price.  
That you will have to make apologies for any one of these instruments, either as to its tone or appearance.  
That you will find the choicest selections from this lot of Pianos remaining unsold the last of the week—we are sure to sell some of them Monday.  
That if you haven't nearly all cash it will not be worth your while to come and look—we'll arrange that part to suit you.
