C. L. BITTINGER, Editor

K. R. CARROLL, Business Manager

Don't forget the BOND ELECTION FOR WATER WORKS TOMORROW. If you have the interest of Ocala at heart VOTE FOR BONDS.

DEATH AT THE HOSPITAL

Mr. J. Snowden of Oxford, a substantial and much liked citizen of that community, died at 7 o'clock last night at the hospital in this city and the body was shipped home today and will be buried there this afternoon.

BOURBON RULE BUSTED

The remnants of the republican old guard in the United States Senate went down in defeat last week. The balance of power passed to the progressives, numbering the fatal thirteen in strength.

The control of the Senate passed from the regular republicans in a notable conflict continuing two hours. It was attended by much bitterness. The future of the great party and the election of the next president may depend upon the outcome of the feuds and animosities given root then.

The result of the contest is that the Senate remains deadlocked over the election of a president pro tem as successor to William P. Frye of Maine, recently resigned. This situation may continue unchanged until the advent of another Congress. It may be solved by the election of a democrat as presiding officer. The solution of the problem lies entirely with the progressives.

The Senate, last Friday afternoon, tried to elect a president pro tem. Senator Lodge, one leader of the old guard, was in the chair, and carefully ruled in favor of his friends. Senator Cullom, another old guard, nominated Senator Gallinger. The democrats nominated Mr. Bacon of Georgia. La Follette, leader of the progressive republicans, nominated Senator Clapp of Minnesota. The vote gave Bacon 35, Gallinger 32, and Clapp, including pairs, 13. A second ballot made no material result.

Considerable acrimony was shown in the debate that followed. Senator Root of the old party, and La Follette refused to be read. This deadlock will not delay business, as the office of president pro tem, is purely honorary.

POSTMASTERS AT ST. PETERS

The fourth annual session of the Florida Association of Postmasters will meet at St. Petersburg, May 16, 17 and 18 and a large attendance is expected. It is announced that the Keith and Proctor circuit, through the footlights will probably claim him yet, and Colonel Bob McNamee of Tampa would undoubtedly make the greatest team of song and dance artists and lightning change virtuosi that the state has yet produced.—Dixie.

Don't you fool yourself. Ray conceals lots of legal lore and sound common sense under that careless exterior.

Frank Clark announces that he will run for Congress in the second Florida district again next fall.

More than 780,000 automobiles were registered in the capitals of various states May 1st, according to lists compiled last week. New York leads in the number of registrations with 70,000.

The Polk County Record in deference to the wishes of the pastors of Barrow, has promised that in the future it will print no more of "Pastor" Russell's sermons. We can't see why any paper wants to print them. They are about the most fireproof drive ever delivered from a pulpit.

UNCLE BOB STOOD ALONE

There are, it has been said, two kinds of fat men: one in which the fat predominates and one in which the man predominates. Robert F. Rogers, of Marion, proved his claim to a place in the latter class the other day when he went on record as the only one out of sixty-three members present who had the nerve to vote against the Terrell anti-gambling bill. And Uncle Bob is a Baptist preacher, too, mind you!—Dixie.

RETURNED FROM THE RACE

Ocala Eye Witnesses Tell of the Accident to Claude Haycraft

Mr. Ed Tucker, as well as most of those who attended the races in Jacksonville Sunday, has returned. Speaking of the race Mr. Tucker said that Claude Haycraft, who was driving the "Giant" Knox against Bob Burman in the Buick "Bug," was in no wise to blame for his accident. Burman was just ahead of him and in making the turn at the corner, threw such a cloud of dust and sand from the track as to entirely shut off Claude's view. The first thing Claude saw through the dust was the fence right at him. The car struck a post, his gasoline feed pipe was broken and the car took fire instantly. It ran nearly a hundred yards, taking the entire fence down as it went, and then turned over outside the track right over the three-foot ditch. Claude went under the car and into the ditch, which saved his life as his clothing was on fire and the car was all in a blaze before it struck. Claude shut off his engine as soon as he saw the fence and tried to stop the car, but his momentum was too great. Claude jumped up and rolled in the sand and began stripping off his clothes. He managed to get his shirt off alone and then a negro, the first person to reach his side, helped him to get his burning trousers off. Claude never lost his head and that he was saved from a terrible death was due in no small measure to his own pluck and coolness. As soon as the car stopped it burst into a roaring furnace of flames and smoke. Mr. Tucker says that Claude would have won his race had it not been for the accident. Mr. Tucker, in the race he ran and won, made five miles in five minutes and 48 seconds, starting from a dead stop. This gave him more than sixty miles an hour on a mile track, except at the turns. Ed is very sorry that the rain prevented him and Burman from making the 50-mile race.

HAYCRAFT NOT SERIOUSLY HURT

Burns All Over His Body But No Bones Broken

(Times-Union, 15th)

Despite "high winds" and overhanging clouds, threatening rain at any minute, a great number of people journeyed to Monier Park yesterday afternoon to witness the running of the auto races. The first event on the program was scheduled as the first heat of the match race between Bob Burman, driving the Buick "Bug," and C. H. Haycraft, driving the "Giant" Knox. The distance having been announced as five miles. The two big racing cars lined up for the start and when Starter Claude Nolan gave the signal to "go" they were off together and the crowd rose in a body and cheered the drivers as they darted for the first turn. Haycraft, in the Knox, had the rail and he took advantage of his position by sticking close to the inside fence, which made Burman travel over a greater distance of ground and take the dust from the flying Knox as the turns were rounded. The Knox held a slight lead for the first half mile, but after rounding into the home stretch, Burman began to gain. When almost directly in front of the big grandstand Burman shot into the lead. With clouds of dust trailing him he made the first turn and closely following him was young Haycraft in the Knox. So dense was the cloud of dust made by Burman's car, for a second or two the sight of the Knox was lost to view. Then, in less than the twinkling of an eye, the immense crowd rose almost in a panic, for they saw the Knox head for the outer fence and for the driver it looked like instant death as the great machine was traveling at a speed of almost a mile a minute. Crashing through the fence, the car turned turtle, throwing its driver from it and at the same moment it caught fire, adding more horror to the scene. When the dust had cleared away the crowd could see Haycraft and they saw that he was alive. But to the crowd it looked as though he was going to suffer worse than instant death, as his clothing had caught fire. Using the greatest of presence of mind the young driver, although partly stunned and considerably bruised, tore the burning clothing from him and then, with part of it still clinging to him, he threw himself into a ditch which ran alongside of the track and by rolling over in the ditch he managed to entirely extinguish the flames, thereby saving himself from a most horrible death. The crowd ran to the assistance of the injured driver and within a short time he was hustled away to a hospital in an automobile. Dr. J. H. Pittman made a hurried examination of his injuries immediately following the accident and stated that no bones had been broken, which is really a miracle. After leaving the race track he was attended by a physician from Ocala, a personal friend of the young man. (This was Dr. E. G. Lindner, who went up for the race).

AUTOMOBILE FOR HIRE

I have a first class touring car to rent by the hour or day, with competent driver. Call my store or phone 300. H. W. Tucker.

Foley Kidney Remedy Acted Quickly

M. H. George of Irondele, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better. I do not hesitate to recommend Foley Kidney Remedy." Sold by the Court Pharmacy.

Eagles meet Wednesday evening.

BUICK "BUG" BEATEN BY BUICK

Ed Tucker of Ocala Won a Race Over Burman on the Monier Park Track

The Times-Union of this morning says: "The five-mile handicap race for automobiles, open to all cars entered, brought out three cars. Burman, in the Bug, was the scratch man, and he gave a minute and forty seconds to the Cadillac driven by R. Kloepfel, and one minute to the Buick driven by Ed Tucker. The race between Burman and Tucker was a pretty one, but the former could not overcome the handicap asked of him and the Buick was the first home, making the excellent time of 5:48.15. Burman showed a wonderful performance in this race, going the five miles in 4:58.15, an average of less than a mile a minute for the distance. This was the crowning event of the entire afternoon.

Among those from Ocala who attended the automobile races in Jacksonville Sunday were Mr. Emmett Robinson, Whitfield Palmer and Pratt Morris, who made the trip in Mr. Robinson's car. Messrs. Weller Carmichael, Robert Tydings, Mr. Dekle and another party, in Mr. Carmichael's car. Sunday morning on the Seaboard, Mr. and Mrs. W. D. Edwards, Mr. and Mrs. R. E. Condon, M. R. Williams, John F. Thompson, C. L. Sistrunk, W. A. Knight, Clarence and Bruce Meffer, Dave Bryan, T. C. Luckie, Dr. E. G. Lindner, George and Charlie Woods, Roy Gallop, way, Pete McIntosh. From Summerfield, Mr. Nathan Mayo and Mr. Douglas.

CRYSTAL RIVER CLIPPINGS

The Big Cedar Mill Rebuilt and Again in Operation

(News)

Tuesday morning the loud deep-toned voice of the mill whistle once more was heard echoing and re-echoing its glad music over Crystal River and surrounding country for miles around.

The occasion for the noisy demonstration was the resumption of operation of the Joseph Dixon Crucible Company's cedar mill which had been idle for almost eighteen months.

The resumption of the mill naturally means a return of bustle and prosperity to Crystal River. The present mill is a composite of the best mills in the country and is one of the most modern and up-to-date of its kind in existence. Most of the machinery is an improvement over the old and the building itself is as nearly fire-proof as it is possible to erect.

LEESBERG LOCALS

(Commercial)

J. E. Johnson, traveling salesman from Ocala, was accompanied on his route this week by Mrs. Johnson. They were in Leesberg yesterday. Miss Edna Smith will leave tomorrow for Ocala and from there she will go to Tennessee to be with her mother who has not been well for some time. The first watermelons to leave this section were shipped by Will Dorris. He has a fine field of melons and will be shipping car lots in a few days.

SOME SMART SHOOTING

Coast Artillery Company Guarding Tampa Bay Holds the Record

Tampa, May 14.—Making 528 figures or merit the 11th Company, coast artillery, broke all former records in closing its target practice at Fort Dade yesterday. The former record was held by Fort Rodman at New Bedford and was 158 figures of merit. To make this high score the company, commanded by Capt. Adna G. Clark, made six hits in one minute, 20 seconds at a moving target 6,300 yards away. This is 2.21 hits per minute per gun, two eight-inch rifles being used with regular service charges.

A liberal reward will be given to any person calling at our store and saying that he or she is dissatisfied with the bargains they have received at our great sale. The Globe.

Mr. F. Z. Wellhoner, of Grahamville, was in town today and paid the Star office an appreciated call. He has just returned from a few days visit to Palatka, where he had a pleasant stay with friends. He reports himself a family enjoying their usual good health.

THE BOND ORDINANCE

To be submitted to the Voters of Ocala Tuesday, May 16, 1911.

An ordinance to submit to the registered voters of the city of Ocala, the question of issuing bonds to the amount of one hundred thousand dollars for the purpose of buying and equipping the constructing and equipping water works for the said city of Ocala and to provide for the issuing of said bonds.

Be it ordained by the city council of the city of Ocala:

Section 1. That within five days after the passage and approval of this ordinance, the mayor of the city of Ocala shall by proclamation, order an election held by the registered voters of the city of Ocala to decide whether bonds to the amount of one hundred thousand dollars shall be issued for the purpose of buying and equipping or constructing and equipping water works for the said city of Ocala, said bonds to be in denomination of ten hundred dollars each and bearing interest at the rate of not more than six per cent per annum, payable in not less than ten nor more than thirty years from date of issue.

Section 2. The mayor shall in his proclamation appoint the managers and clerks of said election, a day for the holding of same and said proclamation shall be published for at least thirty days prior to said election.

Section 3. At said election a plain white paper ballot shall be used with the words "for bonds" or "against bonds" written or printed thereon. The words "for bonds" shall mean and be construed to mean that the person so voting is in favor of the city of Ocala issuing bonds to the amount of one hundred thousand dollars for the purpose of buying and equipping or constructing and equipping water works for the said city of Ocala. The words "against bonds" shall mean and be construed to mean that the person so voting is opposed to the city of Ocala issuing said bonds to the amount of one hundred thousand dollars. If a majority of the registered voters of the said city of Ocala shall vote for bonds, then no bonds shall be issued.

Section 4. If a majority of the registered voters of the said city of Ocala shall have voted for bonds, then the mayor and city council shall cause said bonds to be issued to the amount of one hundred thousand dollars (or as many thereof as may be necessary to carry out the purpose and intention of this ordinance) of the denomination of ten hundred dollars each and payable in not less than ten nor more than thirty years from the date the same are issued.

Section 5. When said bonds are so issued the same shall be denominated "bonds for water works" and the words "bonds for water works" shall be stamped on the face thereof; and said bonds shall be applied to no other purpose or use than for the buying and equipping or constructing and equipping of water works for the said city of Ocala.

Section 6. Said bonds so issued shall be signed by the mayor and city clerk, with interest coupons attached which shall be signed by the city treasurer.

Section 7. There shall be annually assessed and collected upon the real and personal property within the corporate limits of the said city of Ocala a tax to pay the interest on all of said bonds so issued and also a tax to form a sinking fund for the payment of the principal of said bonds so issued as the same shall become due and payable.

Section 8. The amount of said tax so collected each year shall be paid by the city treasurer to the three persons to be appointed by the governor of the state, as trustees of said bonds and their successors in office.

Section 9. Such amount of the bonds so issued and at such time and in such manner as the city council shall or may provide, shall be sold by said trustees immediately upon receipt of same but not less than for par value thereof and they shall proceed to pay for the purchase or construction and equipping of water works for the city of Ocala from the proceeds thereof.

Introduced and placed on first reading and referred to the judiciary committee March 21, 1911.

Placed on second reading and adopted by sections April 4th, 1911.

Placed on third and final reading and adopted April 4th, 1911. H. C. Jones, President of the City Council.

Approved by the mayor of Ocala this April 8th, A. D. 1911.

Attest J. D. Robertson, Mayor of the City of Ocala, Fla.

Attest H. C. Sistrunk, Clerk of the City of Ocala.

Recorded in city ordinance book, pages from 4 to 7 inclusive, April 8th, 1911. H. C. Sistrunk, City Clerk.

"RUTH," A CANTATA

For the Benefit of Grace Church May Twenty-Third

Gant's cantata, "Ruth," will be given on Tuesday, May 23rd, in the Temple Theater. It will be entirely local talent. There will be between thirty and forty voices in the chorus and an orchestra. Mr. W. W. Condon directing. The four soloists will be Miss Minnie Gamsby, Mrs. Hampton, Mrs. Islar and Mr. Gray.

This cantata will be given for the benefit of Grace church, but it is hoped that out of this may grow next year a permanent choral society for the town. Everybody come.

Beans Baked in "Clover Hill Butter" Just Think of it! Baked—Not merely steamed in a retort, but actually baked and in addition to this they are baked in "Clover Hill" Butter; it imparts a flavor that cannot be found in any other brand. It is now a generally conceded fact that beans prepared properly by large food concerns are superior to those cooked in the old fashioned way at home and far more economical in time and money. "Clover Hill" Baked Beans are so far superior to the "best Pork and Beans" on the market and so much easier to prepare than home-made beans that you will soon "get the habit." Using as they do only their very best "Clover Hill" Butter (which has a national reputation) and no pork or other meat substance, they secure a sweetest and delicacy of flavor that will so please you that you will have no other kind after once testing. Try a can and you will become so enthusiastic that your friends will soon "get the habit" too. Remember—No Pork or other Meat substance used, but baked—actually baked—in "Clover Hill" Butter. Packed in three sizes—ten, fifteen and twenty cents.
