RELIGIO-SCIENTIFIC SKETCHES ON HUMAN PROGRESS

"YE SHALL NOT
SURELY DIE."

EXPULSION FROM EDEN

The Word of God must stand, whether it be the word promising Eternal Life or the sentence of Death. There is no variability with Him, neither shadow of turning. The curse, the Death Sentence, foretold by the Lord, was executed, but not instantly. Adam was not stricken lifeless with a thunderbolt. From the very beginning God foreknew all, and had planned the redemption of Adam, Eve and their children. To this end Jesus came and "died, the Just for the unjust." As a result ultimately the curse of death will be removed. "There shall be no more curse"—no more dying, sighing, or crying, nor any more pain.—Revelation 22:3; 21:4, 5.

All of us were told, and many of us believed fully, that the penalty of Father Adam's disobedience was eternal torture, in which all of his posterity must share, except a few—the saintly, the Elect. Told that this was the teaching of the Bible, we accepted without proof.—1 Thessalonians 5:21.

Now Christian people examine their Bibles more carefully. They find that the curse, or penalty for sin, is a totally different one. "The wages of sin is death." (Romans 6:23.) "The soul that sinneth it shall die." This penalty of death has rested against Adam and his family for six thousand years. It has brought sorrow, sighing, pain and trouble; it has blighted our lives mentally, morally and physically.—Romans 5:12.

It is this curse of death that was pronounced against Father Adam, according to the Genesis account, and also according to the New Testament. "Accursed is the earth for thy sake; thorns and thistles shall it bring forth unto thee. In the sweat of thy face shalt thou eat bread until thou return unto the ground from whence thou wast taken, for dust thou art and unto dust shalt thou return." It is from this curse that Jesus redeemed us by dying, the Just for the unjust. It is from this death-curse that Messiah rescues all by a resurrection from the dead. "By man came death, by man also the resurrection of the dead."—1 Corinthians 15:21.

THE BLACK BOX

is the greatest mystery story of all time, the most wonderful of all photo plays, serial by the world's greatest fiction writer, E. Phillips Oppenheim. Produced by the world's greatest director, Otis Turner, on the world's greatest stage, at Universal City, California.

The most vivid portrayal of crime and its detection ever known to man. Swift and powerful action, breathless scenes in every one of the fifteen episodes. Each a mental shock that brings you gasping to the edge of your seat. Wonderful acting by the immaculate Herbert Rawlinson as Sanford Quest, the great detective character of modern fiction. See the charming Anna Little as Leonora Sanford, Quest's clever assistant. See William Worthington as Professor Ashleigh, the scientist, a man of dual personality; Laura Oakley as a keen woman detective and her marvelous masculine impersonations.

Also Frank Mac Quarrie as Craig the man tortured by a horrible secret and Frank Lloyd as Mac Dougal, a prisoner who escaped from a fast train. See the wondrous marvels of science used in the detection of crime the pocket wireless; anhydride which explodes in one direction only; photostatism (moving pictures) and all other strange things.

See the death-defying leap from a signal to the top of a mile-a-minute freight train and a thousand other thrills.

See the Black Box, the photo-play serial supreme in fifteen episodes, one each week at the Idaho Hour.

His Love Story

By Marie Van Vorst

IS a story of love and adventure centering about the love affair of a young captain of the French army and a beautiful American girl. They fall in love at first sight; the young officer is whisked away to active service in Algiers before he can declare himself, goes through skirmish and battle. How he is left for dead in the desert sands, is miraculously saved, and finally restored to the girl he loves, makes mighty interesting reading.
